Dear Mr. Donnelly:

RE: FORTERRA BRICK, LTD.

As you know we represent Forterra Brick, Ltd. (Forterra).

Our client has asked us to reply to your two letters dated April 15th, 2016 and May 2nd, 2016.

It is important to keep in mind that our client’s land has been zoned for quarry use and our client does have a quarry license issued pursuant to the provisions of the *Aggregate Resources Act*, as well as an approved site plan, it is not a proposal or an expansion, it is a fact.

Our client is in compliance with the provisions of the License.

Our client cannot allow you or your client or its consultants to have access to the site for a number of reasons including:

1. It is an active quarry site;
2. There are concerns about liability on the part of our client with respect to persons on the site.

We do not intend to provide your client with reports which were done historically for its own use and benefit or for the use and benefit of the municipalities or the Ministry of Natural Resources and Forestry.

We do hope that you and your client can understand our client's position in this matter and the reasons for it.

Yours truly,

DAVIS WEBB LLP
